2009 SCHEDULE OF SERVICES

Rare Metals LLC. (RMC) provides analytical, feasibility and production services to the mining and metals exploration industries. RMC is a privately owned facility with all our work being carried out at our independent testing facility in California . RMC is able to provide fast, reliable and competent services to the mining and precious metals processing industries. RMC possesses the capabilities to serve a broad range of clients from the small weekend miner to large size exploration and mining companies. Not only does RMC have a reputation for providing

- fast assays
- reliable assays
- repeatable assays

but we also provide a comprehensive range of services such as concentration studies, leaching amenability testing.

Shipping Info:

When You ship samples to us:

Please use mailing address(U.S. Postal Services) when sending the samples and correspondences by U.S. Mail

Mailing Address ;	P.O. Box 669 29 Palms, California 92277 USA
--------------------------	--

Sending Samples by UPS, Fed-Ex, etc..... Please use our Street Address(physical)

Street Address ;	76161 Baseline Road 29 Palms, California 92277 USA
-------------------------	---

Each package should be identified with your name, address, phone number, and any special instructions. It is very helpful if you give your sample a identification number or name, in particular if more than one sample is submitted. If the recording of the weight of the sample is important please note this and possibly record your own weight,

All Fee's Paid in Advance

CONTENTS

SAMPLE PREPARATION

PRECIOUS METALS

Gold, Silver, and PGM's

- Aqua Regia Total Digest
- Fire Assay
- Nickel Sulfide Fusion

OTHER METALS

- Base Metals
- Rare Earth Metals
- Strategic Metals

CONCENTRATION TESTING

- Dry Electrostatic Concentrating
- Wet Knelson Gravity Separation Testing
- Froth Flotation
- Gravity Table Separation Testing

LEACH AMENABILITY STUDIES

- RMC's Electro Chlorine
- Aqua Regia
- Ammonium Thiosulfate
- Cyanide

MISCELLANEOUS SERVICES & CONSULTING

- Refining
- Pressure Leaching
- Office Consultation
- Field Consulting
- BLM Permitting
- R & D Laboratory
- Smelting
- Crushing, Grinding, Screening

Precious Metals

Gold/Silver

Analyte	Detection Range Oz. Per Ton	Procedures	Price Per Sample
Gold	.0001 and up	Package includes; Lead/Silver fusion	\$65.00
Silver	.005 and up		

Gold/Silver + 3 PGM'S Package

Analyte	Detection Range Oz. Per Ton	Procedures	Price Per Sample
Gold	.0001 and up	Package includes; a). Wet digest 100% of sample is dissolved	
Silver	.005 and up		
Platinum	.001 and up	b). Lead/Silver fusion	\$200.00
Palladium	.0005 and up		
Rhodium	.0005 and up		

Gold/Silver + 6 PGM'S Package

Analyte	Detection Range Oz. Per Ton	Procedures	Price Per Sample
Gold	.0001 and up	Package includes; a). Wet digest 100% of sample is dissolved	
Silver	.005 and up		
Platinum	.001 and up	b). Lead/Silver Fusion	
Palladium	.0005 and up		
Rhodium	.0005 and up		
Iridium	.001 and up	c). Nickel Sulfide Fusion	
Osmium	.001 and up		
Ruthenium	.001 and up		\$350.00

Base Metals/Strategic Metals

45 Multi Element Package

Aluminum	Indium	Scandium
Antimony	Iron	Selenium
Arsenic	Potassium	Strontium
Barium	Lanthanum	Tantalum
Beryllium	Lead	Tellurium
Bismuth	Lithium	Thorium
Calcium	Magnesium	Tin
Cadmium	Manganese	Titanium
Cesium	Molybdenum	Thallium
Chromium	Niobium	Sodium
Cobalt	Nickel	Uranium
Copper	Phosphorus	Vanadium
Gallium	Rhenium	Tungsten
Germanium	Rubidium	Zinc
Hafnium	Sulfur	Zirconium
	Price Per Sample	\$200.00

Add The Following	Mercury	Add \$15.00 Per Sample
-------------------	---------	------------------------

Rare Earth Metals

16 element Rare Earth Package

Scandium	Europium	Ytterbium
Yttrium	Gadolinium	Neodymium
Lanthanum	Terbium	Dysprosium
Cerium	Holmium	Lutetium
Praseodymium	Erbium	
Samarium	Thulium	
	Price Per Sample	\$150.00

Both Packages All 62 elements	Price Per Sample	\$265.00
-------------------------------	------------------	----------

Single element analysis of any of these 62 elements	Price Per Sample	\$80.00
---	------------------	---------

Concentration Testing

Assay of concentrates produced from are charged as separate individual fee.

Procedure		Price Per Sample
Wet Gravity Knelson 3" Concentrator	100 lbs Test	\$150.00
Dry Electrostatic Air Concentration	1 ton	\$1,500.00
Froth Flotation Study	500 g lab study	\$500.00
High Intensity Magnetic Separation	Separate Magnetics and paramagnetic fractions	Email or Call For Quote

LEACH AMENABILITY STUDIES

<u>Leach Method</u>	<u>Sample Size</u>	<u>Price Per Test</u>
RMC's Electro Chlorine	1000 Gram Test	\$750.00
Aqua Regia	1000 Gram Test	\$750.00
Ammonium Thiosulfate	1000 Gram Test	\$750.00
Cyanide	1000 Gram Test	\$750.00

MISCELLANEOUS SERVICES & CONSULTING

<u>SERVICE</u>	<u>BRIEF DESCRIPTION</u>	<u>Fee</u>
Refining	Upgrading of products to a sale-able form	Email or Call For Quote
Pressure Leaching	Pressure Leaching in Pfaudler Reactor	Email or Call For Quote
Office Consultation	Assist with project at our offices	\$50.00 per hour
Field Consulting	Travel to your project	\$50.00 per hour/plus expenses
BLM Permitting	Assist with project Notice and Plans with BLM	By Retainer
R & D Laboratory	Provide a fully permitted facility to perform your R & D	By Retainer

We also provide many miscellaneous services (screening, crushing, grinding, smelting) Email or Call For a Quote.
